On April 9, 2008, the Public Service Board ("Board") requested comments and reply comments regarding the 2009-2011 Energy Efficiency Utility ("EEU") annual budgets. Parties were asked to provide recommended actual budget numbers and to identify any additional processes they believe are necessary to establish actual budget amounts, with an explanation as to why such additional process is necessary. The parties' comments are available on the Board's website at

On May 1, 2008, Conservation Law Foundation ("CLF") and Vermont Public Interest Research Group ("VPIRG") filed a letter requesting an opportunity to make a presentation to the Board to provide the data, studies, and legal authority to support their budget recommendation.<sup>1</sup>

The Board requests that CLF and VPIRG provide this supporting information in writing by June 6, 2008. Any reply comments should be filed by June 20, 2008.

After the Board reviews the filings, it will determine whether to hold a workshop.
